

2FL Adult Summer 2024 Syllabus

Follow the syllabus below. Complete all workbook pages that correspond to each lesson after class. We will complete some of the lessons in class. *This syllabus is subject to change.*

As you can see, some weeks go at a more moderate pace than others. To get the most out of the class, do your best to keep up. Memorization of vocabulary and forms will be the first priority; if possible, memorize those before the lesson(s) is(are) presented. Complete as many of the workbook page exercises as you can. By working the drills and sentences in real time, you will see how well you understand the content and will be able to ask questions. Remember this class is not about immediate *mastery*; the aim is to give you a working knowledge of the content as well as the scope and sequence of *Second Form Latin*. You will be able to master the material better as you teach it or go over it again in independent study.

Be sure to watch the pre-class recording and complete workbook pages for Lesson 1 before class begins on June 20.

<u>Dates</u>	<u>Tuesdays</u>	<u>Thursdays</u>	<u>Review Lessons</u>
Pre-class recording	basic introduction, pronunciation; scope & sequence review of 1FL; scope & sequence of 2FL		These can be completed at a later time or independently during the class.
