

### 3FL Adult Summer Plans 2024

Follow the syllabus below. Complete all workbook pages that correspond to each lesson after class. We will complete some of the lessons in class. *This syllabus is subject to change.*

To get the most out of the class, do your best to keep up with all assignments. Memorization of vocabulary and forms will be the first priority; if possible, memorize those before the lesson(s) is(are) presented. Complete as many of the workbook page exercises as you can. By working the drills and sentences in real time, you will see how well you understand the content and will be able to ask questions. Remember this class is not about immediate *mastery*; the aim is to give you a working knowledge of the content as well as the scope and sequence of *Third Form Latin*. You will be able to master the material better as you teach it or go over it again in independent study.

***Students must watch the pre-class recordings of the Introduction, Units 1 & 2, and Unit 3 anytime before class begins. (These will be available sometime during May. I will post when they are available.) Complete any review lesson exercises as desired.***
